

City of Coolidge, Georgia

Council Meeting

September 8, 2026

Summary of Actions

Updates:

The Coolidge City Council met to approve various administrative motions, discuss community development, and address municipal infrastructure and zoning updates.

Action Items

- Locate the existing safety plan for the safety grant; if it cannot be found, draft a replacement safety plan.
- Provide copies of the collected lead and copper samples and send the materials for submission within the next few days.
- Discuss the election notice requirements with the Secretary of State's general counsel and update the council on whether a corrected notice or other changes are required.
- Add the Rocky Ford Road resurfacing project to the 2027 LMI application and coordinate the city's participation and funding match.
- Complete the millage-rate analysis and transmit the finalized millage rate to the county by October 14, ahead of the October 15 deadline.
- Work through the remaining budget process and target completion and adoption by the end of November rather than the December 31 deadline.
- Finalize the approved letter on official letterhead and send it to Mr. Loudermilk to request permission for the city to use or develop the mural.
- Compile and provide the requested information on equipment and options for bringing yard-trimming collection in-house, including the tractor and grapple proposal.
- Email the council the action-plan template showing task owners, required information, and due dates for use beginning next month.
